NUMBER 49.

## BREWSTER AND REED IN LEAD

Sacks Drops Behind as Reports Come In From Rural Sections.

St. Louis, Aug. 2.—Senator James A. Reed made a gain of 965 when a telegraphic error in returns from Bates county was rectified here late tonight, and is now leading Breckenridge Long by 8,335 votes on the face of returns from 3,450 out of 3,848 precincts. The votes: Reed 185,380; Long 176,445.

St. Louis, Mo., Aug. 2.—R. R. Brewster of Kansas City took the lead in the Republican senatorial race on returns reporting at 4:45 p. m. today, when 2,367 precincts out of 3,848 in the state gave Brewster 66,376 and William Sacks of St. Louis 62,081. Practically all of the remaining precincts to be heard from are from counties other than Jackson (Kansas City) and St. Louis. The rural districts have shown exceptional strength for Brewster.

Sacks' strength has been practically nil in the country districts, and on the basis of these figures friends of Brewster believe he will win by anywhere from 15,000 to 35,000. Four other candidates in the Republican race are not within shooting distance of the goal. Three progressives split more than 70,000 votes between them, while Colonel John R. Parker, chief of staff of the Seventh army corps organized reserves at Jefferson Barracks, is far in the rear. The vote: Attorney General Jesse E. Barrett, 29,261; David M. Proctor, 21,129; John C. McKinley, 20,019, and Parker 10,053.

The outcome of the Reed-Long race, feature event of yesterday's primary, probably will not be known until virtually the complete vote has been tabulated. Scattered precincts in many counties are included in the more than 700 missing, along with the entire vote of Ozark and Stone, two isolated communities in the Ozark mountains, far down in the southwestern corner of the state. On the basis of the returns already received Reed's lead in Kansas City and St. Louis may not be sufficient to win if Mr. Long maintains his present ratio in the country.

An analysis of the returns shows that if the present ratio is maintained throughout the missing precincts it would give a plurality of approximately 1,800. In such a close race, however, a changing of two and one-half votes to the precinct in favor of Reed would change the result.

In the Republican senatorial contest, R. R. Brewster of Kansas City, endorsed by the Republican organization, regained the lead this afternoon and on returns from 2,367 precincts out of 3,848 in the state is 4,292 votes ahead of William Sacks, who ran on a light wine and beer platform. Sacks polled a tremendous vote in St. Louis, his home city, but as the rural districts came in Brewster began climbing and, with 2,367 precincts reporting, the vote stands: Brewster, 66,376; Sacks, 62,081.

## OFFICIAL COUNT MUST DECIDE COUNTY RESULTS

The vote on some of the county officers in the primary election is so close that it will take the official count to decide the winners. Several precincts sent in sealed returns only and they will not be opened until Friday, when the official count is made. Until that time the result will be in doubt on the candidates who are running a close race. There has been no change in the report made by the Daily Times of Wednesday as to the standing of the various candidates. There is a possibility that the final count will change the result.

## GOVERNMENT INACTIVE ON STRIKE ISSUE

Rail Executives Willing to Continue Negotiations—President Awaits Shopmen's Reply.

Washington, Aug. 2.—Further government action in the rail strike was held in abeyance today, although rail executives who refused President Harding's suggestions for settlement yesterday were understood to have informed administration agencies that the door was still open for negotiations.

If protection in seniority status acquired by shopmen who have continued to work in spite of the strike could be guaranteed, any basis of settlement the president might find fair would be favorably considered by the managements, it was said. Tentative discussions during the day had brought no tangible results.

The president was said to be awaiting the text of the reply which union leaders at Chicago were drafting to his settlement proposals. Secretary Hoover, who attended the session of the road executives at New York, said that no immediate governmental steps were to be expected. Other cabinet members indicated that claims of railroad managements as to their ability to maintain transportation could get a test during the next few days and that if the strike demonstrated symptoms of dissolution, as predicted by the carriers, the president might not move again.

## SHIP FIRST GRAPE CAR FROM NEOSHO

The first car of Moore's Early grapes was shipped from Neosho last night. Its destination was Trinidad, Colo., and the price received was thirty-five cents per basket. The car contained more than 3,300 baskets.

It was thought that a second car might be loaded late last night. If that is not accomplished, the next car will be shipped this morning. It will be sent to Minneapolis and is sold at the same price brought by the car sent to Trinidad.

Grape baskets arrived yesterday and all ordered now are in Neosho. It is believed that the supply will be ample, but with a shower Tuesday morning the crop probably will reach the maximum estimate and some owners of vineyards may find their baskets inadequate to care for the yield.

It is estimated that shipments from Neosho will reach 100 cars. The Ozark Fruit Growers' Association offices have been opened in Neosho and P. A. Rodgers, sales manager, is in charge of the selling of the crop. J. A. Eastbridge is in charge of handling it for the growers.

## UNION LEADERS ACCEPT PRESIDENT'S PLAN

Decision to Accept President's Suggestions for Settling Strike Reached After Two Days' Conference.

Chicago, Aug. 2.—Full acceptance of the peace proposals submitted by President Harding was voted tonight by leaders of the striking railway shopmen, who, however, gave their own interpretation of each of the three suggestions.

"We submit reluctantly, it is true, but commit ourselves to carry out the terms of settlement in utmost good faith and in aid of the general welfare," said the message of acceptance sent to President Harding tonight.

"If the proposals fail to bring results you desire, the responsibility of failure will not lay with the organized employees."
